## TIRA ILHAM

So...what is dance?

Dance is moving rhythmically to music. Well... that's what google is saying anyways.

Dance means a lot of things to people and dance plays different level of importance to different people.

I and DANCE will always be together. I CHOOSE not to live without it because it gives me so much more meaning to life. It is my passion, my hobby, my escape and my love who never fails to love me back. Dance allows me to cope when times are hard, dance realigns my focus and injects a dose of motivation when I need it. Dance helps me when I am sad, helps me when I am confused, helps me when I am happy, Dance is pretty much my best friend.

DANCE is like a breath of fresh air. It brings so much positivity to the world and for me, it has given me many long-lasting friendships and communities that I fell in love with at first sight- FLAREMILY & MUTE. It is also a universal language that we can all understand despite of our backgrounds. Dance brings people together! YAY!

I see Dance as a platform for self development. It is a journey that all dancers undertake and a never ending one. We grow, we aspire, we inspire, and we share.

Dance is also my teacher amongst other things. It teaches you how to be patient, how to be resilient, how to be humble, how to be considerate, how to a lot of things. One that is very personal to me is that it teaches you team work and communication. Funnily enough, I'm still learning the simplest thing, COMMUNICATION 101 #firstworldproblem

Dance is pretty awesome. Anyone and everyone can do it. All you gotta do is BE. LIEVE in yourself :)  
Thank you for your existence!

## KAY WONG

Hellooooo~! It's me, Kay! The new Malaysian Flarian who's always O-Kay (Please laugh tq).

My dance journey started officially when I was 16 years old. 7 years counting & even till today, I am not sick of it and my passion for it grows bigger. Dance is life. It is not just a sport or a hobby.

To me, dance taught me how to live. It is not just about moving your body to the music. There is so much more than that. It is a journey. The feelings you feel and you want to express, the people you meet along the way who either brings you up or down, the struggles you face and how you overcome it, the joy you feel when you finally improved or do something well, the freedom you feel while you dance whatever you want to, etc. It is beautiful.

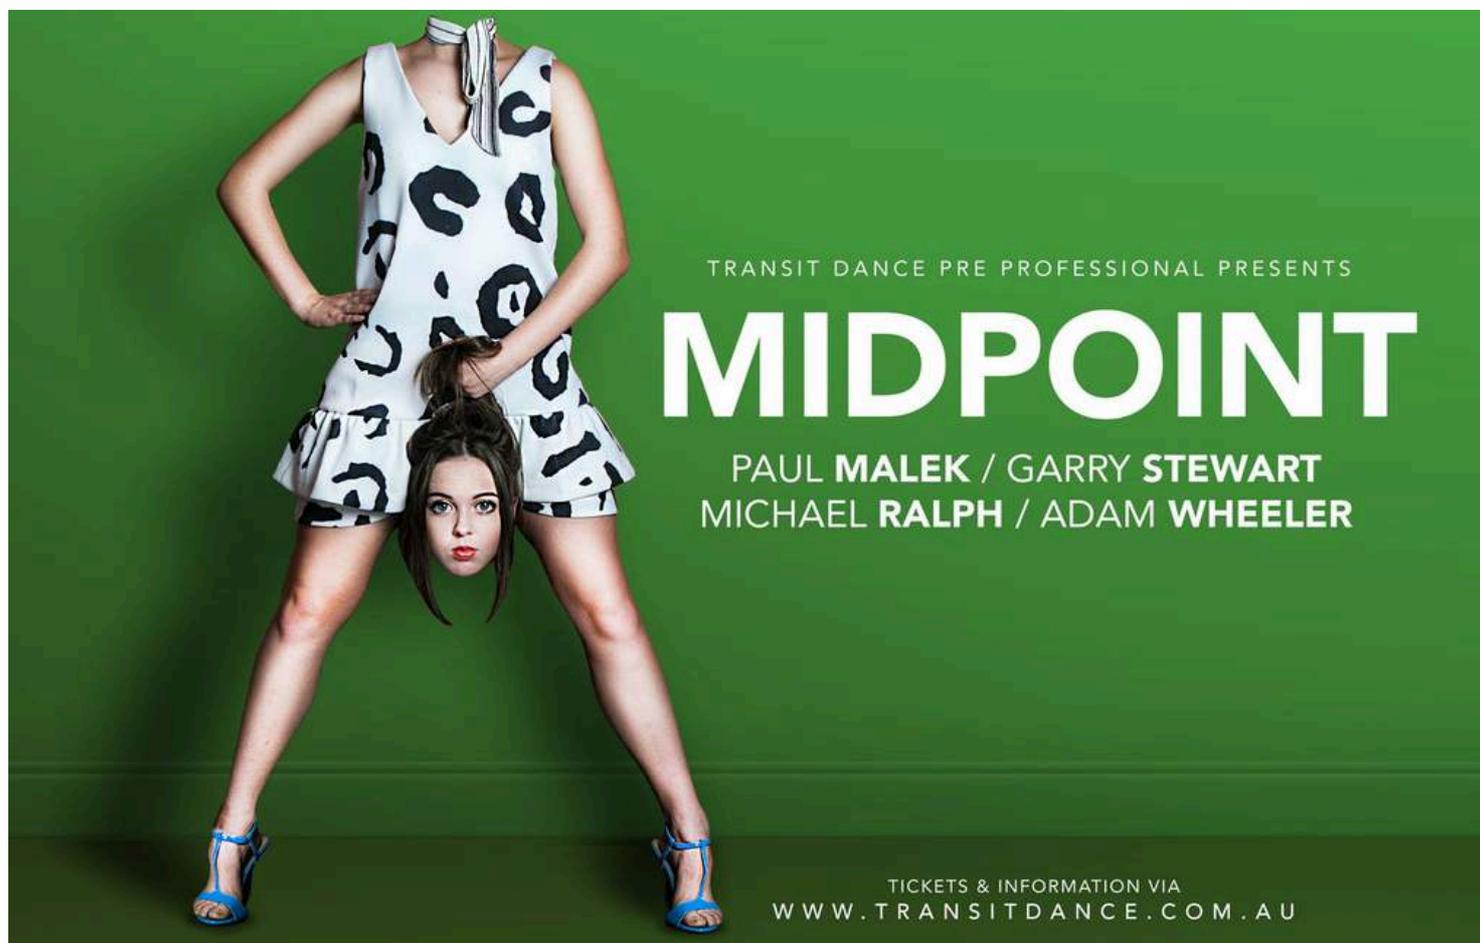

Of course, I did have many downs regarding dance too. Everyone knows that we shouldn't let anyone put us down. But also know that the most important individual that we shouldn't allow to affect us, is ourselves. Believe in yourself. Believe that you can do it. Approach the challenge positively & stubbornly and just don't give up. But, always remember to have fun as you go with it! It is important to have fun because all is meaningless if you do not love what you are doing. Also, remember to spread love and not hate aight?

There is just so much more I can say about dance. If you ever want to hear more about what I've learned throughout my dance journey or want some advices or just jam/dance with me, please don't be afraid to talk to me! My dream as a dancer is to inspire others and I, too, love to listen to other inspiring stories.

Looking forward to more years with the Flare-mily!

## STUDIO TIMETABLES

### O2 DANCE STUDIO

Co-founded by industry expert Etienne Khoo and dance enthusiast Meisha Luo, O2 Studios is Melbourne's premium dance and fitness hub.

After having seen Etienne choreograph on the television show So You Think You Can Dance Australia, Meisha began to regularly attend Etienne's casual dance classes. Etienne and Meisha developed the concept of O2 Studios, wishing to address the at times competing perspectives of teacher/choreographer, and student.
